Re: ORS Correspondence to the Governor's Office about V.C. Summer Units 2&3  
Consolidated Docket Nos. 2017-207-E, 2017-305-E, and 2017-370-E

Dear Mr. Burgess:

The South Carolina Office of Regulatory Staff ("ORS") has searched its records in an effort to ensure that all letters to the Governor's office and the Public Utility Review Committee regarding the new nuclear project dated prior to abandonment, which also were already public, were previously provided to SCE&G in discovery in this proceeding. Some of those letters are exhibits to the pre-filed testimony of SCE&G witness, Dr. Kenneth Petrunik. ORS identified two emails from the prior Executive Director to the Governor's office related to the abandoned project, which were not previously provided, and that simply shared investment reports with then-Governor Haley through her staff. Those two emails are attached.

Thank you for the opportunity to clarify this matter, and please let me know if you have any questions.

Sincerely,

Nanette S. Edwards
